DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see page 5, lines 8-10 of the Remarks, filed June 15, 2004, with respect to claim 1 have been fully considered and are persuasive. The 35 U.S.C. 103(a) rejection of claim 1 has been withdrawn.

Allowable Subject Matter

2. Claims 1-4 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The closest cited prior art (U.S. Patent No. 5,615,760) fails to teach or suggest the feature of the equation of a straight line for a predetermined principle component being calculated through a sum of squares in view of the additional features as recited by independent claim 1. Claims 2-4 are also allowed for the same reason as stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
